

Northern Ballet - Spotted!

academy of
**northern
ballet**

The Academy of Northern Ballet deliver free dance workshops that are designed to engage, nurture and inspire schools in Yorkshire to move in new ways. The workshops aim to enhance KS2 PE provision and will offer both teachers and students new skills and resources to bring dance into regular practice.

On Monday 11th November Northern Ballet delivered ballet workshops to KS2 students. The children displayed excellent behaviour, respect and determination, trying their best in a style new to most students. Out of the KS2 children 17 were chosen to be part of the 'You've been spotted' programme. During this programme the children will take part in workshops led by Northern Ballets centre of excellence tutors held at Balby Central. The sessions will run throughout February finishing with a performance at Northern Ballets studio in Leeds.
